SCOPE OF WORK (SOW)	<p>Summary: The SECREP assembly shall be remanufactured by returning a used, worn out or otherwise unserviceable SECREP assembly to a condition that complies with the functional specifications of the OEM. The SECREP assembly is completely disassembled, cleaned, inspected, re-machined, assembled aligned/calibrated, and tested to ensure functional operation and conformance to OEM standards and Marine Corps modifications as listed below, if any. All components of the SECREP assembly are re-worked to meet the OEM functional specifications. Wearable component parts are replaced per OEM specifications.</p> <p>The Price and Turn Around Time are based on advance Government authorization for access for Contractor's supplier to the DoD EMALL supply system for replacement parts for this Item.</p> <p>Scope of Work: For each SECREP assembly to be remanufactured the Government shall provide a SECREP that is compliant with the NSN configuration. Contractor shall perform the following summarized remanufacturing services: a) Remove from container and disassemble SECREP, b) Clean and strip protective coatings as required by the OEM specifications, c) Perform dimensional check of all components and check all mating fits and clearances, d) Wearable component parts are replaced per the OEM's instructions, including, as applicable, but not limited to all seals, gaskets, filters, bands, clutches, steels, bushings, and bearings. e) Fit check all new/serviceable components, f) Assemble SECREP g) Test SECREP in accordance with the Contractor's choice of OEM and/or military specifications. h) Package remanufactured SECREP for shipment to the specified location using best commercial methods IAW ASTM-D-3951-98</p> <p>Additional Work/ Damaged or Incomplete Items: The below listed CORE ITEMS, to this SECREP are required to be present and suitable for remanufacture. Items identified as 100% replacement parts, as described in this Statement of Work section d (above) may be missing and will not be charged as additional work. All remaining components not addressed as core items or mandatory replacement items are required to be present and serviceable excepting fair and reasonable wear. The Contractor shall notify the Government of any missing or physically damaged components, as described above, these items will be handled in accordance with the Over and Above procedures, (<i>See Section 4.5 of Raytheon Program Management Plan for LIS of SECREP dated 29 Aug. 2003</i>) and will require the following actions: a) Within fifteen (15) working days of SECREP receipt, Contractor will provide the Government a firm fixed price for material with supporting documentation and or pictures for the work necessary to conform the SECREP to NSN configuration. The Government will review the proposal within three (3) business days of receipt of proposal and at the sole discretion of the Government, provide written authorization to the Contractor. If the authorization is delayed beyond three (3) days, or if additional materials are not in stock, Contractor will advise the Government of the revised estimated Turn Around Time and any additional costs. Contractor and Government will negotiate and adjust the Task Order accordingly.</p> <p>The added Cost for Core Items listed below, will be negotiated as required. The Government may provide replacement items for missing or physically damaged items with no additional cost to the Government provided such replacements are shipped concurrently with the SECREP.</p> <p>The prices and services described herein do not include modification or configuration changes to the SECREP</p>	
DELIVERY	<p>The loading/unloading of the Item at the delivery point shall be at the expense of the Government. Government shall provide necessary lifting equipment within two (2) hours of notification by Contractor of the time that Contractor advises that delivery/pickup will be made. Deliveries will be made between the hours of 0800L and 1700L weekends and public holidays excepted. The Contractor will make notice of deliveries 24 hours in advance if and when known.</p>	
INSPECTION / ACCEPTANCE:	<p>Inspection and acceptance of services and materials shall be accomplished within three (3) working days of delivery. After three (3) working days, Acceptance is deemed to have occurred.</p>

WARRANTY		The Contractor will establish a Warranty program as described in the Statement of Work. During the Operational Warranty period, the Contractor warrants each SECREP remanufactured under this contract to be free from defects in material and workmanship under normal use. The Contractor will replace or repair any part or parts which shall appear, upon complete inspection, to have been defective in material or workmanship. If it is determined to be defective in material or workmanship, and the Government has complied with the Warranty Claim Procedures below, then the Contractor will bear all transportation charges from the RIP to the Contractor's facility in connection with replacement or repair of the defective parts. Any deviation from these Warranty Claim Procedures shall void this warranty.			
WARRANTY (Continued)		<p>Warranty Claim Procedures. If the Government believes a defect in material or workmanship is the responsibility of the Contractor, then the following procedures shall be complied with in the following order:</p> <p>1] The Government shall notify the Contractor of a defective SECREP. 2] The Contractor shall take action to file warranty claims, if applicable, on behalf of the Government. 3] The Contractor will replace the defective part with a new or rebuilt part. If upon evaluation by the Contractor, it is determined that the non-conforming part is not defective, or the defect was caused directly or indirectly by non-compliance with the terms of this Warranty as described below, the contract shall be equitably adjusted to reimburse the Contractor for costs including a reasonable fee, associated with the replacement part, the labor to perform the evaluation and the costs of transportation and administration.</p> <p>Warranty Conditions. This Warranty does not apply to any SECREPs that have been installed or operated in a manner not recommended by the Original Equipment Manufacturer; nor to any SECREP in which parts not manufactured or approved by the Original Equipment Manufacturer have been used; nor to any accessories installed on the SECREP where the accessory manufacturer has its own warranty; nor to normal maintenance services or replacement of normal service items. This Warranty shall not cover damage as a result of improper installation, overheating, vehicle misapplication; engine caused failures (vibration, misalignment), improper cooler/filter function, fluid contamination, shift shock, improper maintenance, or standard preventive maintenance. External transmission cooling systems, to include, lines and coolers must be flushed of all contaminants, external filters must be replaced in accordance with appropriate technical manuals, prior to installation of the SECREP.</p> <p>Exclusive Warranty. THIS WARRANTY, AND THE CONTRACTOR'S OBLIGATION HEREUNDER, IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY, INCLUDING ANY WARRANTIES OF MERCHANT ABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, AND ALL OTHER OBLIGATIONS OR LIABILITIES, INCLUDING SPECIAL OR CONSEQUENTIAL DAMAGES OR CONTINGENT LIABILITIES ARISING OUT OF THE FAILURE OF ANY COMPONENT OR PART TO OPERATE PROPERLY.</p> <p>No person is authorized to give any other warranty or to assume any additional obligation on the Contractor's behalf unless made in writing and signed by the Contractor.</p>
